

EXCLUSIVE SALMON AND SEA FISHING IN NAMSEN AND VIKNA

Combining exclusive Atlantic salmon fishing in Namsen with good sea fishing in Vikna is a great and enjoyable experience. You will experience catching large salmon, battle with strong and powerful whopper salmons, combined with experiencing wild and bustling sea fishing in the fiords and seas in Vikna. We use a fast and safe 24 ft. boat for sea fishing, and we have our own skipper and guide on board. In Vikna you will experience large splashing waves and various animals such as sea eagles, seals, and whales. The best part is, however, that we will catch large amounts of fish!

In Namsen you will experience both land and boat fishing. Perhaps you will be able to fish from land in the Fiskumfossen (in June): a large waterfall of approximately 35 metres with salmon in the pool below the waterfall. The baits used in Namsen are rod, wobbler, lure, and fly. We practice "catch and release", and therefore the captured fish is unhooked and returned to the water shortly after capturing. Halfway during your stay, we will rotate the groups so that all group members will get the chance to experience both sea fishing in Vikna and salmon fishing in Grong.

Number of guest per group: 4-8 persons.

Time and length of stay: Six days in the period ranging from June 1st to August 31st.

This package includes the following: All transport/rental car, full board accommodation in single rooms, fishing in Namsen and Vikna, guides, fishing equipment for both sea and river fishing, and two events (Namsen Salmon Aquarium and Museum and moose safari/visit to a free fish farm).
